

What is the Building Blocks Program?

Trained Literacy Builders go into the home to share ideas about reading and learning which gives parents the tools to help their children. This interactive program is designed for parents and/or caregivers of children ages 0 to 6.

What happens at home visits?

Literacy skills are acquired through activities which may include games, books, rhymes, crafts and other age appropriate, literacy building activities.

What are the Benefits of this program?

- Learn how important oral activities are for your child's future literacy skills.
- Build on existing literacy skills
- Learn new, fun activities to promote literacy in the home.
- Learn about other resources available in your community.
- Addresses child's unique literacy needs.
- Learn more about your learning style and how it influences your learning.

This program is offered by Sturgeon Adult Learning Council and funded through Alberta Advanced Education and Technology.

You should contact the Building Blocks Program if:

- You are concerned about your pre-school child's development.
- You don't want your child to face the same challenges you faced in school.
- You want fun ideas for your family that will encourage learning and literacy.
- You feel isolated and are unable to attend other programs.
